

Gulf Formula G

Passenger Car Motor Oil

Product Description

Gulf Formula G is a supreme performance passenger car motor oil formulated from finest quality synthetic base stocks and state-of-the-art additive technology. It has been specially developed for modern turbocharged, high output gasoline and diesel engines of passenger cars, SUVs, light vans and trucks. It has been designed to deliver long service life and minimise deposits in engine and turbocharger to ensure rated engine power and torque. These oils are designed to exceed the latest industry specifications and the major car manufacturers' service fill requirements.

Features & Benefits

- Outstanding thermo-oxidative stability reduces deposits & sludge build-up and facilitates extended oil& engine life
- Improved fuel economy and extended drain intervals reduce the cost of ownership
- Excellent low temperature fluidity aids quick cold start and provides wear protection at start-up
- Outstanding Stay-in-Grade performance ensures reliable lubrication even at higher load and operating temperatures
- Superior anti-wear technology provides excellent wear protection under all conditions
- Active cleaning agents ensure maximum engine cleanliness

Applications

- Recommended for modern vehicles including high performance, turbo-charged, multi valve, direct injection gasoline and diesel engines of passenger cars requiring Full SAPS engine oils.
