

Professional range

ECO-LIQUID

Wynn's Eco-Liquid is a water based cleaning and degreasing liquid with excellent anti-corrosion properties for parts, to be used with the Eco Parts Cleaner equipment.

Product specifications

Properties

- ✓ High performance degreasing agent.
- ✓ Removes motor oil, greases, combustion residues (carbon), hydraulic fluid, crude oil, solder, resins and animal fat.
- ✓ Efficient cleaning of ferrous and nonferrous parts.
- ✓ Non-corrosive to ferrous metals and alloys.
- ✓ Improves the biodegradation of hydrocarbon residues and other organic dirt.
- ✓ The Wynn's Eco-Liquid is a water based solution with a neutral pH (pH 7).
- ✓ The cleaning liquid is non-flammable, therefore user and environmentally friendly.
- ✓ Minimal evaporation loss.
- ✓ The surface active components comply with the biodegradability requirements of detergent regulation (648/2004/EC).

Applications

- ✓ Cleaning of nonferrous parts and ferrous parts.
- ✓ Most rubbers and plastics.

Directions

- ✓ When using for the first time or after annual maintenance: carefully pour 4x20 litres Wynn's Eco-Liquid through the grill at the top of the Wynn's Eco Parts Cleaner machine.
- ✓ Average frequency for topping-up: 1x20 litres every 4 to 6 weeks.
