

SWITCH TO DORMAN FOR EFFORTLESS PLUG-AND-PLAY REPAIRS

It's not hard to replace a broken or failing power window switch. But it can be hard to source an exact replacement without waiting days for a dealer—and you usually have to pay a premium price for the privilege.

The solution? Switch to Dorman for plug-and-play switches that not only match the exact look, feel, and function of original parts, but cost less and are available both online and in-store. That's how the aftermarket leader takes the waiting game out of easy repairs, making them completely effortless every time.

QUALITY PARTS FROM THE MOST TRUSTED NAME IN SWITCHES

Direct replacement – Identical to original fitment and function matching original lighting, button action, and functionality

Seamless fit – Designed to fit bezel snugly and respond smoothly just like original equipment

Save time – Order switches online or in-store, and install them in minutes

Plug and play – Just remove your original master power window control switch and install with factory harness connections
