

CARDONE™ ProTech®

Supporting Today's Vehicle Technician

PROM Identification Guide

Application GM vehicles with removable Engine Control Module (ECM) PROMs

Problem PROM availability; GM no longer manufactures PROMs, and most GM dealers no longer inventory replacements.

Solution The PROM you need may be available from CARDONE. Contact your local auto parts store with your PROM's broadcast code to check availability. If your local store does not carry it, they can special order it from CARDONE if it is in stock. The broadcast code is printed on the PROM itself, samples are shown below. Typically the broadcast code is made up of 3 or 4 letters and 3 or 4 numbers as can be seen in the photos.

Style 1
MemCal

Style 2
PROM in carrier
